Chris Parker was the ECAD rep that provided enforcement review of the MOA. The enforcement-related provisions of the MOA were also reviewed by Jeff Spier at OECA and Simma Kupchan at OGC.

Thanks. I know about the agreement but now I'm wondering if ECAD saw the draft agreement and commented on it?

Carol-

Please find below background on Deseret. The highlighted section discusses coordination with FDEP and the Northwest Florida Water Management District.

EPA and the Army Corps of Engineers conducted an inspection of approximately 10,000 acres in Bay County on November 13-14, 2019. An inspection report was completed and mailed December 19, 2019. EPA also sent a 308 Information Request on December 20, 2019. Several requests for extensions to respond were made and granted (due to volume and size of the combined parcels and Covid-19). A complete 308 response was received on June 7, 2020. A virtual meeting with Deseret, their counsel and consultant was held on June 11, 2020. Deseret requested the meeting to present their methodology for identifying areas for pasture development and overall land use planning.
